THIRD DOSE PRIMARY SERIES COVID-19 VACCINE

Declaration of Eligibility for Moderately to Severely Immunocompromised Individuals

For moderately to severely immunocompromised, a primary series is now considered **three doses**, with the fourth dose being the booster. This is based on the likelihood of having a lower immune response after two doses, related to being moderately to severely immunocompromised. Individuals with at least one of the conditions or treatments listed below are eligible to register online or by phone for a third COVID-19 vaccination through a Regional Health Authority or participating pharmacy. Visit the GNB vaccine page "book your third or booster dose" section for information on recommended intervals between vaccine doses.

New Brunswickers aged **5 and over** with any of the following conditions or treatments as documented or diagnosed by their health care provider are eligible for the COVID-19 vaccine:
